Step #1 for most financial aid programs is filing the Free Application for Federal Student Aid (FAFSA). File online at [fafsa.ed.gov](http://fafsa.ed.gov), and sign electronically to expedite processing.

---

Search for scholarships – TCU recommends free scholarship searches like [fastweb.com](http://fastweb.com). Your high school counselor may be a good resource for info as well.

---

When you receive your Award Notification from TCU, view the information online at [my.tcu.edu](http://my.tcu.edu). After you log in, click on Financial Aid, and then “Accept/ Decline Financial Aid” to accept or decline the various awards available to you. Click on each award for further information about that program. Once you accept an award, we’ll send you more information by email regarding any other steps required to secure those funds.

---

Compare your resources to your estimated costs to determine if there is a “gap.” The worksheet on the back of this form will help you – remember to consider the financial aid you have been awarded (including scholarships and grants) as well as educational loans you plan to take out and any other resources your family intends to use toward your education (savings, 529 plans, current income, etc.).

---

**Important!** Watch your email for communications from Financial Aid, and check your “Requested Information” section of [my.tcu.edu](http://my.tcu.edu) often- that’s where we’ll tell you what needs to be done to make sure your financial aid is ready for you when the year begins!

---

Loans – Log on to [financialaid.tcu.edu](http://financialaid.tcu.edu) and click on “Loans” on the left menu. All the loan programs TCU helps administer to students, as well as additional loans that TCU recommends for students who need them, can be found here. We’ll let you know when it’s time to apply.

---

**Financial Services is the billing office at TCU.** They can help with questions about your bill and the charges on it.
